Advisory Committee on Immunization Practices (ACIP) Meeting Updates

An ACIP meeting occurred on June 25 – 26, 2025. Refer to the CDPH Immunization Updates for Provider webinar, Friday, June 27, 2025, for more information on:

- [ACIP meeting votes \(slides 25 – 31\)](#)
- [CDPH response to ACIP changes \(slides 32 – 33\)](#)

Vaccines for Children (VFC) Program Updates

Vaccine Deliveries in June and July

Due to federal holidays in mid-June and early July, there may be longer-than-normal delivery times for vaccine orders placed in late June/early July.

Key dates include:

- Wednesday, June 25, from 6:00 pm to Monday, June 30, 2025, at 5:00 am
 - No vaccine order processing can take place during this time.
 - However, vaccine order submission, review and approval through myCAvax can still occur.
- Friday, July 4 – Independence Day. No vaccine delivery.

Return Flu Vaccine After Expiration

Most flu vaccines expire on Monday, June 30, 2025. Upon expiration, remove any remaining flu doses from your vaccine storage unit. Complete and submit a Return form in myCAvax to request a return shipment label. If you have any questions, contact the Vaccines for Children (VFC) Customer Service Center by email MyVFCVaccines@cdph.ca.gov or call (877) 243-8832.

RSV Pre-Book

Pre-Book launch date has not yet been finalized but is anticipated to happen Friday, August 1, 2025. More information about RSV Pre-Book, including available products, will be communicated when ready. In the meantime, discuss with your clinic leadership about the number of RSV immunizations you anticipate needing for the next season.

CA Bridge Access Program (CA BAP)

317 Adult COVID Supplemental Funds (BAP) will not be extended. As a result, CDPH will assess incorporation of COVID vaccine with our routine Adult IZ Programs (LHD 317/VFA).

CA BAP COVID-19 vaccine availability will be until vaccine expiration or until new formulations are authorized (thereby deauthorizing any existing formulations). Most COVID-19 vaccines currently being distributed will expire in mid-September and CDC will stop shipments 2 weeks prior to expiry.

CA BAP closeout activities will likely begin in August, and are currently being planned. More information will be shared when available.

Provider Call Center is Changing

Due to a reduction in staffing, starting July 1st, the Provider Call Center (PCC) will have new hours and updated contact information. As a result of these changes, we may have longer wait times and a reduced capacity for analysis and reporting. Thank you in advance for your patience and understanding.

Updated Hours and Contact Information

The PCC will be open Monday - Thursday 9:00 am - 4:30 pm, Friday 9:00 am – 4:00 pm.

For all vaccine program questions, myCAvax and MyTurn Clinic technical support, please email us at providercallcenter@cdph.ca.gov. Our virtual agent is available 24/7 via myCAvax and MyTurn, and can connect to a live agent during business hours for more advanced assistance.
