

## Paxlovid for Targeted Programs

There is a new form to request Paxlovid for targeted programs, which is now live in Tiberius for State and Territorial Health Entities. The Paxlovid requested is intended to support state, local, tribal, or territorial special programs targeting vulnerable populations. Requestors (Tiberius users) need to provide a detailed justification through the questionnaire.

For more detail, refer to the [Therapeutics transition guide](#). Any questions can be sent to [COVID19.therapeutics@hhs.gov](mailto:COVID19.therapeutics@hhs.gov).

---

## School Requirement to Inform Families about HPV Vaccine

Effective January 1, 2024, [Assembly Bill No. 659, the Cancer Prevention Act](#) requires that schools notify parents or guardians of 6th graders about human papillomavirus (HPV) vaccine recommendations. Some schools may choose to use this [template letter](#) to educate families.

**Parents may request that their child receive HPV vaccine or ask you questions about the communication they receive from school.**

For more information and resources, please refer to this [CDPH communication](#).

---

## Suggested Message: Protect Your Family Against Measles

Ongoing reports of measles cases around the country remind us about the importance of vaccination, which provides protection against serious illness.

Measles is a very contagious disease caused by a virus. About 9 out of 10 people who are not protected will become infected following exposure to the measles virus. It spreads through the air when a person with measles coughs or sneezes. Measles starts with a cough, runny nose, red eyes, and fever. Then a rash of red spots breaks out.

[Share messages](#) reminding Californians to make sure they and their children are

up to date on the MMR (measles-mumps-rubella) vaccine and other recommended routine vaccines, including flu and COVID-19, especially before travel.

## Updated Guidance: Letter for Long-Term Care Facilities Directors and Administrators on Vaccines to Protect Against Respiratory Viruses

Refer to this [CDPH policy alert](#) for updated information for long-term care facility directors and administrators on COVID-19, influenza, pneumococcal and RSV vaccines.

---

## VFA Recertification: Training Awareness

Training for the Vaccines for Adults (VFA) Program will be available on **Tuesday, February 20, 2024**. Upon completion of the required trainings, please complete recertification in myCAvax as soon as possible.

Providers will need to log in to EZIZ to complete their required training. A **NEW** training module on VFA Program Requirements will be available on **Tuesday, February 20, 2024**. VFA Program staff can log in [here](#). For more information on training requirements about program recertification, please click [here](#).

If you have questions regarding VFA program requirements or the myCAvax system, contact the Provider Call Center at (833) 502-1245 or [ProviderCallCenter@cdph.ca.gov](mailto:ProviderCallCenter@cdph.ca.gov), Monday - Friday, 8:00 AM – 5:00 PM, PT.

---

## Upcoming Holiday Closures

In observance of Presidents' Day on Monday, February 19, 2024, CDPH and the Provider Call Center will be closed.

---

## Ordering Cadence Calendars
