

## **Maria Phillips**

*Senior Counsel, Privacy & Compliance*

As senior counsel for Imprivata, Maria leads the privacy and AI compliance and governance programs. Her work is focused on enterprise risk management and regulatory compliance within the international landscape of digital identity solutions in heavily regulated and commercial industries. She works proactively as a liaison and business partner with key stakeholders on Imprivata's global services organizations to design, implement, maintain, and test corporate compliance initiatives and drive value for the organization. Maria works closely with product and engineering to ensure alignment and execution of internal and external requirements. This includes determination and mapping of SDLC requirements in line with regulations in the areas of privacy, data protection, governance, cybersecurity, and responsible AI (e.g. HIPAA, CCPA/CPRA, GDPR, VCDPA, CPA, CTDPA, UCPA, BIPA, WMHMDA, ICDPA, GDPR, AIA, TCPA, COPPA, CAN-SPAM). In addition, Maria provides first-line client-centric legal support to Imprivata's marketing, sales, and services teams on commercial, consumer protection, and other legal issues. She also leads the Privacy and AI Committees and is part of the Cyber and Government Relations teams with members of executive leadership.
