

# Slack to Microsoft Teams Migration

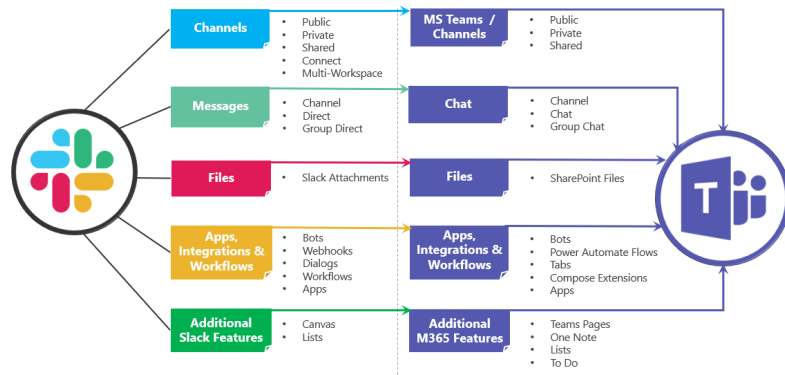

Transform the way your organization collaborates. Move from Slack to Microsoft Teams quickly, securely, and cost-effectively - powered by Netwoven's extensive migration experience.

## What we offer

Simplify, secure, and save by migrating from Slack to Microsoft Teams with the experts. Netwoven delivers the fastest, most intuitive, complete and secure migration experience in the industry.

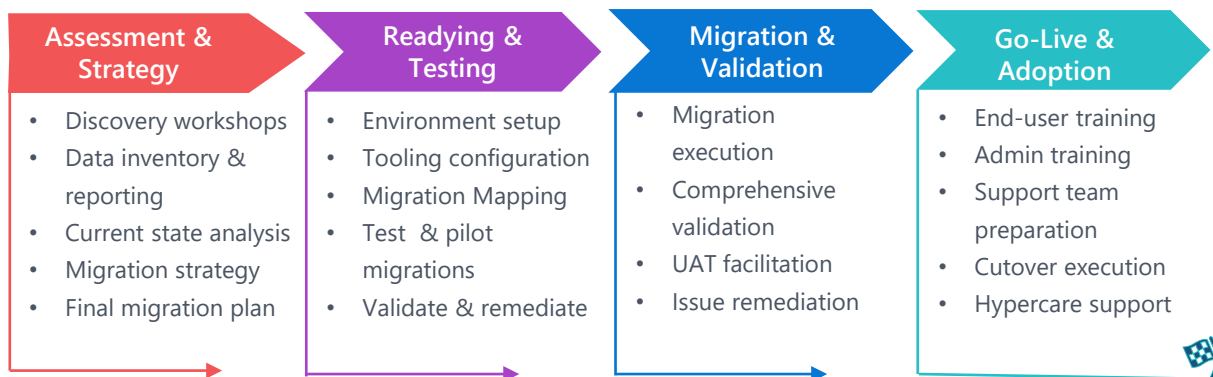

- ✓ **License Consolidation & Cost Savings**  
 Everything you currently do in Slack can be done in MS Teams. Save costs, improve security & compliance posture and consolidate maintenance and management by converging into Microsoft Teams.
- ✓ **Migration Experience**  
 We have been migrating from Slack to Teams for almost 10 years and have the most experienced team and best migration service available.
- ✓ **Migration Speed**  
 Do you need to migrate quickly? It has been proven many times over that we can migrate 10x – 50x times faster than other vendors.
- ✓ **Content & Customizations**  
 Slack migrations require not only channels, messages and files, but also workflows and custom apps / integrations to move – Accelerate your transition and limit the burden on your workforce with support from the experts that do it all

## The Netwoven approach

## The Phases

## Accelerators / Differentiators

- ✓ Fastest Migration from Slack to Teams - 10X – 50X the speed of other vendors
- ✓ Highly secure migration process, hosted entirely within your security perimeter, with end-to-end encryption and no request for user credential caching
- ✓ We provide the time, telemetry, analysis and guidance to define optimal migration strategy and mapping decisions, ensuring ideal information architecture and ease of maintenance after migration.
- ✓ We migrate Channels, DMs, GMs, Files, Workflows & custom apps / integrations with high-fidelity.
- ✓ AI-enabled and templated Help Center & weekend cutovers for optimal business continuity, reduced cutover support load and reduction in transitional friction
- ✓ Optional services available for information architecture, adoption & change management, security, governance, compliance, Hypercare support and more

## Let's Get Started

Request a quick questionnaire to receive a personalized cost and timeline estimate for your transition. No guesswork—just clarity.
