2025 The Year of the Frontier Firm

Discover the Competitive Edge of AI-First Business Applications

Why Frontier Firms Lead

According to Microsoft's 2025 Work Trend Index, Frontier Firms—early adopters of AI agents and Copilot technologies—are pulling far ahead:

- 71% report their company is thriving (vs. 37% elsewhere)
- 93% are optimistic about their future
- 82% of leaders plan to expand workforce capacity using AI

These firms scale faster, operate smarter, and create more meaningful work through hybrid human + AI teams.

The Copilot & AI Agent Revolution

Microsoft's latest Copilot ecosystem empowers businesses to:

- ✓ Research & Strategize with M365 Copilot – Researcher
- ✓ Analyze & Forecast with M365 Copilot – Analyst
- ✓ Secure Operations with Security Copilot Agents
- ✓ Automate Tasks with Custom AI Agents via Copilot Studio

Netwoven helps you deploy these tools to eliminate capacity constraints and unlock productivity at scale.

Dynamics 365 2025: AI-First Innovation Across the Enterprise

Microsoft's Wave 1 release introduces:

- ✓ AI Sales Agents that qualify leads and draft emails
- ✓ Autonomous Contact Centers powered by AI agents
- ✓ Financial & HR Copilots for reconciliation and recruiting
- ✓ Supply Chain Agents that chase vendors and update POs

Netwoven: Your Partner to Operationalize AI
