

# 2025 The Year of the Frontier Firm

Discover the Competitive Edge of Al-First Business Applications

#### Why Frontier Firms Lead

According to Microsoft's 2025 Work Trend Index, Frontier Firms—early adopters of AI agents and Copilot technologies—are pulling far ahead:

- > 71% report their company is thriving (vs. 37% elsewhere)
- > 93% are optimistic about their future
- > 82% of leaders plan to expand workforce capacity using Al

These firms scale faster, operate smarter, and create more meaningful work through hybrid human + AI teams.

## The Copilot & Al Agent Revolution

Microsoft's latest Copilot ecosystem empowers businesses to:

- ✓ Research & Strategize with M365 Copilot Researcher
- ✓ Analyze & Forecast with M365 Copilot Analyst
- ✓ Secure Operations with Security Copilot Agents
- ✓ Automate Tasks with Custom Al Agents via Copilot Studio

Netwoven helps you deploy these tools to eliminate capacity constraints and unlock productivity at scale.

# Dynamics 365 2025: Al-First Innovation Across the Enterprise

Microsoft's Wave 1 release introduces:

- ✓ Al Sales Agents that qualify leads and draft emails
- ✓ Autonomous Contact Centers powered by Al agents
- ✓ Financial & HR Copilots for reconciliation and recruiting
- ✓ Supply Chain Agents that chase vendors and update POs

We turn AI potential into business performance.

- Copilot Pilot Programs
- Al Readiness Assessments
- Change Management & Training
- Managed Rollouts with Governance
