

BreachPlan Connect®

Cyber Incident Planning & Response Platform

- ◆ Be ready before you need to be. Companies without a tested plan face 30–40% higher costs after a cyber event.
- ◆ With Breach Plan Connect, you get a professional-grade system to build, manage, and activate your cyber IR plan.

How It Works

1

Activate access

Answer a few quick questions to unlock your workspace

2

Build your plan

Use guided templates to document your IR process and assign roles.

3

Keep it current

Easily update contacts, vendors, and plans to stay response-ready

Be response ready
