

The FastTrack Migration Benefit

Enhanced Security.
Customer Protection. Data Moves.

Value Proposition

The FastTrack Migration team developed an automated migration portal for our customers allowing the FastTrack Partner Community to forgo purchasing migration tools, licenses, or establishing an infrastructure for performing migrations. Partners can pass on these savings to the customer. The FastTrack benefit further provides migration status information, monitoring, and secure reporting for the customer's migration project.

When needed: Request FastTrack SME

Leverage FastTrack Subject Matter Expert and MST (Migration Support Team) resources

What can be moved?

Hybrid Exchange

File Share

Box

Dropbox

Google Workspace
Gmail, Contacts and Calendar

Google Workspace environment
Google Drive and Shared Drives

How does it benefit our Partners?
